The Honorable Martin M. Looney  
State Senator  
Majority Leader

The Honorable Joseph J. Crisco, Jr.  
State Senator  
Chief Assistant President Pro Tempore

The Honorable Peter F. Villano  
State Representative  
91<sup>st</sup> District

State of Connecticut  
General Assembly  
State Capitol  
Hartford, CT 06106-1591

Dear Sirs:

The Department of Environmental Protection received your request for information addressed to DEP Commissioner McCarthy, concerning the Newhall Street Neighborhood Remediation Project on September 1, 2006. Specifically, you requested:

1. A specific and complete cost breakdown of the final proposed Remediation Plan that you presented publicly on August 17, 2006. The total cost of the plan was estimated to be between \$62 million and \$72 million.
2. Digitized copies of any and all soil sampling data or reports for individual properties, and summary tables of said reports, in the Consent Order Area of the Newhall Remediation Project.

Enclosed with this letter are the materials you requested. Three paper copies of the cost breakdown are enclosed. Also, enclosed is a CD copy of each of the soil data and reports that we have electronically, including a list of the enclosed CDs. Some of the data enclosed today was not available electronically when we received your request, so we had the data put into electronic format to assist your review.

The materials are enclosed with the copy of this letter being sent to the Honorable Martin J. Looney. If you need any assistance reviewing the information, or need any other information or assistance regarding DEP's Proposed Remedy Selection Plan, please feel free to call Commissioner McCarthy directly, or have your staff call me or Robert Bell, Assistant Director, Remediation (424-3873). Thank you for your continued support and interest in this complex project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Patrick Bowe', written over a horizontal line.

Patrick Bowe  
Director, Remediation Division  
860-424-3440
