RE: Final Health and Safety Plan
Hamden Non-Public Properties
Newhall Street Neighborhood Site (SRD-128)

Dear Mr. Share:

The Remediation Division of the Bureau of Water Protection and Land Reuse (the Department) has reviewed the plan from Olin Corporation dated August 2009, titled "Final Health and Safety Plan, Non-Public Properties, Newhall Street Neighborhood Site". The plan was prepared by Severson Environmental Services on behalf of Olin Corporation and in conjunction with Consent Order SRD-128, and the Department's October 6, 2008 Conditional Approval of the Generic Remedial Action Plan.

The plan designates safety protocols to be followed by site workers, subcontractors and visitors during remediation of the non-public properties in the Newhall Street Neighborhood site.

The above referenced Final Health and Safety Plan is hereby approved.

Nothing in this approval shall affect the Commissioner's authority to institute any proceeding, or take any action to prevent or abate pollution, to recover costs and natural resource damages, and to impose penalties for violations of law. If at any time the Commissioner determines that the approved actions have not fully characterized the extent and degree of pollution or have not successfully abated or prevented pollution, the Commissioner may institute any proceeding, or take any action to require further investigation or further action to prevent or abate pollution. This approval relates only to pollution or contamination identified in the above referenced plan.

In addition, nothing in this conditional approval shall relieve any person of his or her obligations under applicable federal, state and local law.

Approval
Final Health and Safety Plan
Hamden Non-Public Properties, Newhall Street Neighborhood Site (SRD-128)
